

CONNECTION IS PROTECTION.

GET READY. NEIGHBORHOOD READY.

CITY OF GRESHAM

MADE IN GRESHAM

GRESHAM OREGON
GOING BEYOND

The City of Gresham built a net-zero wastewater treatment plant, which produces all the power it needs—right on site. The plant, the first of its kind in the Pacific Northwest, saves Gresham \$500,000 a year—and brings in an additional \$250,000 in gas, oil, and grease collection fees.

COLLABORATIVE PRACTICAL NIMBLE INGENUOUS

CITY OF GRESHAM GreshamOregon.gov

WE'RE HIRING!
Electrical Inspector

~\$4,958 - ~\$6,332 Monthly*

This role performs electrical plan review and installation inspections for residential, commercial, and industrial construction projects.

Our ideal candidate is a demonstrated code professional with strong technical knowledge and the ability to promote the City's organizational value of public service through collaboration and teamwork.

Creating pathways to work that matters

GRESHAM GOING BEYOND
COMMUNITY ENGAGEMENT THROUGH COLLABORATION

It's all in a day's work here...

In Gresham, we go beyond to just get things done, and we want the best and the brightest to work here, people who embrace challenges, collaboration and exciting work. We want to mirror the community we serve and embrace diversity of ideas, backgrounds, experiences and perspectives.

New Pathways to New Opportunities

We want to be the employer of choice for talented people who are ready to rise higher. How do we get there? That's where you come in.

We're developing training, mentorship and apprenticeship programs to introduce residents and others in the region to work that matters. We want your feedback.

Open to all!
